## ANGLICAN PARISHES REALIGNED

The Right Reverend Lewis Garnsworthy, Suffragan Bishop of the Anglican Diocese of Toronto took the chair at a special meeting in the parish hall of St. Paul's Minden on Monday night, September 27, flanked by The Venerable R. P. Walker, Archdeacon of Peterborough, Rural Dean David Lemon of Lindsay and Canon Wm. Askew, Director of Parish Services for the Diocese. In attendance were churchwardens and lay members of Synod from the congregations of Burnt River, Kinmount, Irondale, Boskung, Wilberforce and Minden, together with Captain R. E. Sims, the Reverend John Ball and the Reverend Andrew Hutchison. The meeting was the result of many months of discussion and careful planning at both parish and diocesan levels. The outcome is the realignment of these congregations into two parishes rather than three, as follows:

The Parish of Kinmount and Minden will now include the churches at Burnt River, Kinmount, Minden and Boskung under the pastoral care of the Rev. Andrew S. Hutchison, who will continue to live in the rectory in Minden.

The Parish of Irondale and Wilberforce will include the churches in those two communities under the pastoral care of Anglican Church Army Captain Ronald E. Sims who will continue living in the rectory in Wilberforce. Regular services will be maintained in all six churches on Sundays, although the new arrangement will necessitate some adjustment in the hours of service. After a lengthy discussion the two churchwardens of St. James Kinmount put forward the motion that this new arrangement be undertaken for a trial period of up to one year, at which time there is to be an evaluation to determine whether the new formula is providing an effective ministry to all the communities concerned.

Although the realignment is effective immediately, there will be no change in hours of service for Sunday, October 3rd. The following day the new Executive Council of the Kinmount - Minden Parish will meet in Kin-

mount with representatives from the Irondale - Wilberforce Parish to discuss necessary changes in hours of services, and changes in the financial structure of the parishes.

Bishop Garnsworthy stressed that what we were looking towards was new and effective forms of ministry for a changing age, and that decisions made at the meetings were aimed at a positive approach to a new situation. There should not be any thought of closing churches, discontinuing services or backtracking. The Church is now functioning in an area where transportation and communica-

tion are more efficient than ever and where the movements of population are much more fluid than they have been. The new formula will imply a shared "team ministry" on the part of clergy and lay ministers in the area, as well as additional Summer assistance to cope with the influx of Summer residents. Although figures are not available immediately for other charges, both Minden and Boskung report that their congregations are moving ahead sharply over the last year in terms of attendance, community involvement and income. They look forward to the

## HERE AND THERE

with Fenwick Finch

First of all let me refer you to the "letter to the Editor" column. You may remember some time ago I mentioned an article by Eddie Sargeant in which he talked of pollution and by inference

leaned rather heavily on the "Highlands of Haliburton."

The letter I'd like you to read is from our member, Glen Hodgson and he's taken Mr. Sargeant to task for his article. It shows our member is "on the job."

Met another good friend the other day — "Bill" MacDonald of Donorvin Park on Beech River. Bill never misses a chance to drop in and have a short visit. He's a gentleman of the "old school" back in the days when a day's work was accepted way of life and, not as it is today, the search for the fast buck and the easy hand out.

Mr. MacDonald and his sidekick, the late Hartley Harrison were two of the first people I met when I came to Minden and their friendship in the past has meant quite a bit to me. Bill and Hartley were almost inseparable, where one was the other wasn't far away. Both these gentlemen had something that is lost in the younger generation — the outgoing feeling of trust and sincerity. With them, you knew that their word, and, a touch of their hand meant they were interested.

Hartley has gone but his memory remains with me and, as long as Bill drops in once in awhile when he's down this way I feel my faith in mankind is more or less renewed.

There's a lady? who has a thing about seeing the American Flag being flown around town — she objects to it rather loudly, (over the 'phone) but won't identify herself. She 'phoned two or three places and gives them a bit of a blast.

Personally I can't see anything wrong about it — it's a real gesture of good will. At the international hockey matches and ball games they play both National Anthems — seems like only common courtesy and not narrow-minded bigotry.

To this lady? let me say this — Minden ain't so all-fired hot about flying flags of any country — so don't knock it — let's give those merchants that do fly flags a little encouragement not commendation.

I've always had a theory that a house takes on the personality of the people that live in it and I had this proven to me again the other day when I visited Mr. and Mrs. Percy Gallagher at their cottage on Redstone Lake. Some seven years ago I visited this same cottage when it was owned by Mrs. Ida Clabby, she was a very friendly and outgoing person and her cottage made you feel at home as soon as you stepped into it.

It was the same with the Gallaghers — you could feel the aura of sincere friendship as soon as you stepped into the building. The feeling as if you had always belonged there. Over a cup of coffee and some freshly baked chocolate chip cookies and Mr. Gallaghers' easy friendly conversation it was very easy to "feel at home."

I've always felt that writing was a "lonely hobby" but on the other side of the coin you meet people like Mrs. Gallagher who are interested and, are writers themselves, it makes the hobby of writing invaluable to you.

My thanks to the Gallaghers for a very fine visit.

I'm not a collector of anything in particular — I'm more of a "pack rat" — I pick up things — coins, books, pottery, statues — almost everything you can think of. Each week I'll mention something — you might be interested.

new situation as a welcome challenge.

The Reverend John Ball, who has been Incumbent of the Parish of Kinmount, is on vacation during October, and his retirement from the active ministry in the Diocese becomes effective October 31st. It was this retirement which precipitated the realignment which has been under discussion for some time.

The Bishop extended his gratitude and good wishes to Fr. Ball during the meeting. After coffee and sandwiches the meeting adjourned to the Church, where Bishop Garnsworthy officiated at the Service of Compline before the delegates dispersed.

## **EAKINS ISSUES CHALLENGE TO KICK OFF CAMPAIGN**

Liberal representative John Eakins has issued a challenge to the representatives of the Progressive Conservative and NDP parties in the Victoria-Haliburton riding, to a series of open debates, "to bring the important issues to the people."

Mr. Eakins issued the challenge recently at the official "kick-off" of the campaign during a press conference with Liberal leader Robert Nixon, at the Benson Hotel before approximately 50 persons.

Mr. Eakins said he issued the challenge following comments by Tory leader William Davis.

"Mr. Davis said the main issue in this election is leadership, and I will take him up on that, because that issue is important."

Mr. Eakins said he felt a series of about six open debates throughout the Victoria-Haliburton riding, with R. Glen Hodgson, and Arthur Field, "Would let all the people know what the issues are."

Mr. Eakins expressed his concern about the provincial government imposing the Toronto-Centered Regional Plan, and its effect on the local riding. "We cannot sit idle and let the government force upon us a plan that has not had a chance to go before the people it affects," he said.

said, "I cannot see how a concept can be developed into a plan, without the discussion of the people," he added.

John Eakins said, "People have a right to have a voice in their own destiny, and with open debates throughout the riding, then Bill Davis will know who is fighting for leadership, and who has the leadership qualities."

### **...ARTHUR WILLIAMSON CAMPAIGN MANAGER FOR GLEN HODGSON**

Progressive Conservative election campaign committee chairman A. E. Hicks announced that Arthur Williamson of Omemees will be the campaign manager for Glen Hodgson's election campaign. Lindsay lawyer Arthur Patterson has been appointed as Glen's official agent during the current campaign.

Glen Hodgson MPP and William Scott MP were among the 640 persons who attended the nomination meeting in Port Perry when Dr. Matthew Dymond was acclaimed as Ontario riding delegate.

The guest speaker at the meeting was Ontario Premier William Davis.

## EDITORIALLY

with Al Greir

### MORE HELP NEEDED

We were looking over some of our past editorials this week, and found that things have started to happen. In one article we stressed the fact that this community was completely dead,

that people seemed to be working their eight hours — then put their feet up while a few bodies carried the load.

For example I mentioned the fact our Recreation and Arena Committees were dead (not so much as held a meeting one year). Council had been dragging their feet handling routine administration — projects were few and far between; even the curling club was floundering at the time. I went on to point out some of the many things a community should have happening, and they just weren't!

As I look around now, the pace has picked up greatly — all organizations have taken a new lease on life and have started to move. Our Council has been more active over the last few years, bringing in zoning, upgrading the roads, working on sewers at the present is a major project, and I feel sure a new community centre will be built. Our Recreation and Arena Committees, made up of the same aggressive type people, have been motoring ahead at a great pace. They have sponsored minor ball, skating, hockey, playground activities, and are never hesitant in pouring money into our youth programs. This is something this community had lacked for years, now we have it.

These things make me feel great, and I am sure they have sparked interest in everyone, however, there are a couple of avenues which are struggling still, and if you look around you, they have both played a major part in the growth and success of Minden — I am speaking of the two service clubs in Town, Rotary and Kinsmen.

These two organizations have been a tower of strength in this community over the years, but find themselves always with too few of members. Both clubs at the present are operating with a skeleton crew — and with the work to be done, it is expecting just too much from too few. The Rotary and Kinsmen have many obligations every year, and these are for the benefit of the community. For example the Rotarians have donated \$15,000 into the new community fund, the Kinsmen have spent \$3,000 with another \$7,000 pledged. These are just a fraction of the moneys spent in this community by the two clubs.

I feel sure there are many, many people who have much to offer these two service clubs, in wisdom, inspiration, body and soul. There is a big job to be done in this community yet, like in most communities, and more help is needed. I know, if those with a few hours to spare would donate it to Rotary or Kinsmen, they would be more than rewarded with fellowship, and self satisfaction in helping others. Give it a thought, I can think of at least a hundred prospective members, in five minutes who have a great deal to offer. Don't let these organizations down, they have been the backbone of Minden for years, they deserve your help.

## LETTER TO THE EDITOR

Minden, Sept. 25, 1971

Dear Sir:

We wonder what happened to the Minden Rotary Park this summer. No picnic tables or garbage cans were set out. Would it perhaps be because some young people used to throw the tables in the river, some don't appreciate what is done for them and they spoil it for others who do. I noticed in the Council minutes that the river is to be dredged and hope that means the weeds will be removed as they are getting worse. This is a lovely little park and I think we should try to keep it that way.

Sincerely,  
Florence Robinson.

Norland, Ontario  
Sept. 20, 1971

Dear Sir:

Through the medium of your newspaper, I, on behalf of many residents of our community, should like to express appreciation for the excellent construction work done on the new bridge, and approaches to it, in the village of Norland. The landscaping, curbs, paving etc. make our community "look like a real village" as was expressed by one summer resident.

In the opinion of some people, this project was considered overdue, but sometimes lack of co-operation delays the progress of such improvements throughout the province.

I believe that credit should be given where it is due. No doubt much of it, for this accomplishment and others, should go to the member for our riding, R. Glen Hodgson, M.P.P.

Thank you for the privilege of expressing my views.

Sincerely,  
Roy Bryant.

Toronto, Ont.

Dear Mr. Greir:

Enclosed please find three dollar money order to cover another years subscription. I am quite pleased to see your fund raising campaign coming so well, you stated in last weeks editorial that you have never seen such good community spirit as there is in the town right now, I believe you are right. I think much of the credit can go to you and your small paper, the Progress has certainly done a lot for Minden, and we greatly miss reading it when you are on vacation. We hope your efforts in promoting a new arena for Minden are successful, for the community can do with one. Keep up the good work.

Yours truly,  
Mrs. Sadie Williams

## SPORTS CORNER

with CLIFF BURKE

### SOFTBALL —

On Wednesday evening before about 75 fans, Bancroft's Ivan Sports walloped the Minden Merchants 8 - 2, to take the three game series for the Inter-League Championship in two straight games.

Errors early in the game, and weak hitting led to the Merchants downfall. Home runs in the game by Bancroft's Joe Desmond and Don Kuiack paced the Ivan Sports attack. The winning pitcher was Harold Maloney, the losing pitcher was Jack Snell.

This series was the first in what will be an annual event, pitting the winner of the Haliburton County League and the winner of the Bancroft League. There should be quite a rivalry built up over the years between these two leagues, providing a great end to the softball season. By the way, the series is played for the "Challenge Cup".

### HOCKEY —

I'd like to take this opportunity of wishing Craig Stamp great success in his first year with the Greensboro, North Carolina hockey team. He was the last center cut by the Tulsa Oilers last week at Maple Leaf Gardens. I'm sure that with a season at Greensboro under his belt this winter, that Craig will be with the Oilers next year.

### SHUFFLEBOARD —

On Tuesday, September 28th at 7:30 p.m. the second annual Dominion Hotel Shuffleboard Tournament swings into action. Once again it is a 28 week tournament, with 20 weeks attendance enabling you to get into the banquet at the end of the tournament, free.

### SNOOKER —

All you snooker enthusiasts will be pleased to hear that John Hobbs Billiard Hall will be holding both Junior and Senior snooker tournaments each week this winter. So lets have all you pool sharks out and practice before these tournaments get underway.

### BASKETBALL —

Anyone interested in playing basketball this winter, please phone me at 286-1318 or come out to the public school gym on Monday evenings commencing October 4th at 7:00 p.m.

All the members of the Stedman Raiders would like to thank Gerry Pillsworth for the great banquet he put on for the team on Sunday afternoon.

There are five teams in the Haliburton County Softball league consisting of some eighty ball players. If the Minden Council where to okay the installation of lights on the Minden fairgrounds there would be no labour costs. As for the electrical aspect of installing the lights on the poles, I'm sure with five electricians in town, one would donate his knowledge and time to hooking up the lights after the poles have been installed. So, with all the teams playing here in Minden and at least one large tournament a year, the lights would be paid for in a very short time. What do you say Council?

## JACKLIGHTING SUSPECTED

Coboconk OPP are continuing investigation into a possible "jack-lighting" kill near Coboconk sometime in the early hours of Tuesday, September 14.

Police said they received a call from Allan Jewell, of RR 1, Coboconk, who reported a Hereford yearling, owned by him, was shot, by a person, or persons unknown.

Police said "jack-lighting" was suspected because of the area, and the time of year.

Provincial Constable D. C. Kellett is investigating the incident, and he said, "Jack-lighting" is an offence under the fish and games act, and is punishable by three months in jail, or a fine of \$500, or both, plus all wares will be confiscated, including vehicles."

## TENDERS CALLED TO REBUILD HWY. 503 EAST OF KINMOUNT

This project will be undertaken by the Bancroft district maintenance forces of the Provincial Department of Transport and Communications, and it is expected this reconstruction project will proceed this year.

It was also learned that the recently purchased property on Highway 649, north of the Bobcaygeon village limits, is now about to be prepared for a new maintenance patrol yard. Tenders are out now to those who can produce the required type of building. This new yard will allow for the removal of the present facilities on the southern approach to the new bypass bridge about to be constructed, and which is programmed in the 1972 schedule of work to be done by the department of transportation and communication.

## THE WOLF - ONE OF ONTARIO'S TOURIST ATTRACTIONS

"Despite all the knowledge available, there still exists a great myth understanding of the relationship between predator and prey," states the Federation of Ontario Naturalists. "Basically, neither can get along without the other."

Of all living organisms on earth, perhaps half a million kinds, at least during part of their life, could be described as predators. Most are animals but a few are plants. Man, himself, is a predator.

While man was still a hunter, he accepted other predators as a healthy part of his environment. He knew their role was to assure him a healthy stock for his own needs. The Caribou-culture Eskimos reorganized this and looked upon the wolf, that preyed upon the same caribou herd as they did, as their friend.

"The wolf, throughout their range, average about one per ten square miles," states the F.O.N. "Remove 50% of them and their population bounces back. By removing part of the population, more food per animal becomes available within the allotted territory, therefore more young are reproduced and survive. As a result, production of animals is encouraged. This points up the folly of the bounty system."

In Ontario, taxpayers paid out \$38,775. last year as bounty on the destruction of 1,551 wolves. In addition, administration and processing probably cost the equivalent.

The Federation of Ontario Naturalists believe that the

bounty system is a needless expense of taxpayer's funds. "Its primary purpose for existence today is for political patronage, not control. The wolf is a valuable natural resource of this Province, and needs to be treated as such," says the F.O.N.

### AGE IS A QUALITY OF MIND

If you have left your dreams behind,  
If hope is cold;  
If you no longer look ahead,  
If your ambition's fires are dead  
Then you are old.  
But — if from life you take the best,  
If in life you keep the zest,  
If love you hold;  
No matter how the years go by,  
No matter how the birthdays fly,  
You are not old.

Edward Tuck

The city of Windsor was recently host to the Annual Convention of the Ontario Homes for the Aged Association and the Administrator, several staff members and an Auxiliary Representative from Hyland Crest were privileged to attend. There was much very worthwhile discussion and information which emphasized the theme "Broadening Horizons — Bridging the Gaps".

One of the "Gaps" most discussed was the one between the Senior Citizens in the Community and the residents in the Home.

Many areas have already sponsored Clubs and Centres where the elderly can congregate for pleasure and inter-action between these groups. These clubs are being encouraged and assisted by the Department of Social and Family Services.

You're never too old to learn new things — take part in your Community activities. Don't sit at home moping and waiting for the work to seek you out. Be a doer — keep busy. The surest way to feel "old" is to be boarded and idle. Remember almost half of Canada's top executives are between 60 and 90.

The formation of a Senior Citizens group in this area is being planned. Who will help? What are the ideas and desires of our local Seniors? The only way to find out is if you will tell us. Call Mrs. Bursey or Mrs. Rawlins at Hyland Crest 286-2140 or come in and see us.

Can we have a get-together soon? How soon? Let's hear from YOU this week.

### COUNTY C.N.I.B. CAMPAIGN STARTS IN OCTOBER

The annual meeting of the advisory Committee of the Canadian National Institute for the Blind, met September 8th., at the Anglican Parish Hall in Haliburton. Members from Minden, Carnarvon, Gooderham, Wilberforce, Eagle Lake and Haliburton attended.

October is the month when a Canvasser for the C.N.I.B. will be knocking at your door. We trust the people of Haliburton County will continue to be most generous to enable this important work to continue. Should your home be missed you may send your donation to the C.N.I.B. % Mrs. Lois Emmerson, Haliburton, Ontario.

**COUNTRY CANADA**

Last season Country Canada adopted anew title and a new national perspective — this year its scope expands to include international stories with Canadian implications. The fall schedule begins on Sunday, Oct. 3 at 1:30 p.m. with achorman-host Ron Neiley and seasoned and expert agriculture and resources commentators from across Canada bringing news of the land each week.

### **ABOUT THE TOWN**

With Jeanne Sears

For the first time in several centuries a Chinese Emperor is visiting other countries. Yesterday Emperor Hirohito visited with President Nixon at Anchorage Alaska when the visitor's plane touched down.

Mrs. Wm. Cox, Evelyn and Loyne Cox left over the weekend to fly to California for three weeks holidays.

Mr. and Mrs. Ernest Wagg, Mrs. Madeline Loucks, accompanied by their son Stephen and Mr. and Mrs. Vinton Loucks recently motored to the Maratimes where Stephen was registered at the University of P.E.I. The Loucks spent a few days there with their son Leon who is a professor in Chemistry at the P.E.I. University. The party on their tour visited, Louisburg, Baddek, Cabot Trail, Tidal Bore at Truro N.S., Hopewell Rocks and Reversing Falls, St. Johns, returning home via Main, Vermont and Lake Champlain covering 3,000 miles in eleven days.

Congratulations to the Rev. Oak and Mrs. Oak on the occasion of their twenty-fifth wedding anniversary when they welcomed relatives and friends to their Open House.

Last week many of the villagers went about a mile from town to see the large numbers of Wild Geese which had landed for a rest on their way to warmer climate.

Several gentlemen celebrated birthdays at the Highland Crest last month, these being Frank Billings, William Eastman and Fred Roberts.

Lucky winner of the "Pig in a Poke" drawn by Archbishop H. Clark for the Primates Relief Fund for Pakistani with approximately \$230 realized, was John Fleming.

Patients at the local hospital early this week were Mrs. Della Sawyer, Dean Hewitt, Kenneth McMullen, George Kellett, and George Jones. In Toronto General is Mrs. Percy Brintnell and in Wellesley Hospital is Mrs. Clare Hobden.

Mrs. L. Lemieux has been away on a holiday visiting relatives at Brandon Manitoba.

The enumerators were around lately taking the names of voters and registering any new ones now eligible at the age of Eighteen. They had only four days to do this job and covered a good deal of territory. The Progress has some 3,000 names to set for the voters list, which must be done by Friday, they will surely be busy.

We notice that the Fall must be here as the leaves are beginning to change colour and our area will welcome the many busloads of visitors up just to see the scenery which we too often take for granted.

Congratulations to the newlyweds Mr. and Mrs. Edward Campbell (nee Susan Harris) who were married last Friday evening at St. Pauls Anglican Church.

Another accident to students from our area now attending University. Hope they are not too badly injured and have speedy recoveries.

Cheerio until next week.

## NDP CANDIDATE ARTHUR FIELD ACCEPTS CHALLENGE

Victoria-Haliburton New Democratic Party candidate Arthur Field has accepted the challenge issued recently by Liberal candidate John Eakins to take part in open debate on election issues.

The NDP candidate said he would be most happy to share in open debate in any number of locations throughout the riding. He said he agreed with Mr. Eakins that the candidates must let the people know what the issues are.

Mr. Field agreed that the important issue in this election is that of leadership, and he said he would point out that "Stephen Lewis is the solution to make Ontario our Ontario."

## IT PAYS TO ADVERTISE IN THE PAGES OF THE PROGRESS

## MINDEN FIGURE SKATING EXECUTIVE MET

Ten members of the Figure Skating Club met recently at the home of Mrs. Sybil Hope.

President Pat Campbell presided at the meeting. Secretary June Beeney read the minutes of the previous meeting, followed by Audrey Northey's treasurers report.

The main discussion of the evening was ice time. Since our present arena will be closed it was passed to investigate how much ice time would be available in Haliburton, and if we have to find ice elsewhere. It was agreed to forget about having a Carnival this year, because of having no arena.

Fees were also discussed, but nothing official till the executive finds out how much ice time the club will be able to rent.

"There'll be some changes made —" That's right, starting the week of October 4, CBC Radio will have a new look for fall and winter, introducing several new programs to its schedule.

Just to reassure you that it isn't completely different, they are bringing back a couple of old favorites. Max Ferguson and Allan McFee — together again! — in The (new) Max Ferguson Show. Light, low key and topical, the accent will be heavy on humor, and Max's choice in music.

This Country In The Morning is the new weekday morning magazine program, hosted by Peter Gzowski formerly of Radio Free Friday), aided and abetted by Helen Hutchinson (formerly of Matinee) and Bruno Gerussi (late of Gerussi!), who will be sending in tapes from the west coast where he is filming The Beachcombers.

The highly successful "roller-coaster" phone-out formula for As It Happens and Radio Free Friday is now adapted in a 90 minute weeknight show under the title of the show which pioneered the technique in 1968 — As It Happens. Alternating as nightly hosts are William Ronald (of the old Monday night As It Happens) and journalist-broadcaster Barbara Frum, who hosted the documentary series Rule and Revolution this past season.

Another weeknight show goes by the name of the host, Elwood Glover, best-known for his CBC-TV series, Luncheon Date; he also had his own "rolling home" show on CBL (Toronto) for 21 years. The show will be a reflection of this long-time broadcaster's tastes and interests, likes and dislikes, with the emphasis on big band music and guests from the world of show business.

Monday nights is for the university age crowd. Bringing Back The Future is an "alternate culture" music and talk show reflecting the tastes and life styles of young people. Host is Tom Gallant, a 25-year-old multi-talented Maritimer who's lived and worked in New Brunswick, P.E.I. and Portugal where he spent a year on a Canada Council grant. On the debut program, October 4, he'll be talking to representatives of CHAT, the Community Homophile Association of Toronto, and similar university organizations.
